# AgriAI – 4 hafte ka pilot plan (Churu)

**Kaun:** 20–50 kisan, 2–3 SHG group (har group ki 1 संयोजक didi), 1 project lead (aap), KVK expert (salaah). **Kahan:** Churu ke 2–3 gaanv (jaise Ratangarh, Sardarshahar, Churu tehsil). **Kab:** Hafte 0 (taiyari) + 4 hafte.

> **Pilot ka sawaal:** kya kisan khud photo jaanch, mausam/paani ki salaah aur bechne ke liye app use karte hain, aur kya isse unka faayda hota hai? Jawab Pilot Dashboard ki ginti + kisanon ki baat (feedback form) se milega.

## Kaun kya karega

| Kaun | Zimmedari |
|---|---|
| Project lead (aap) | Deploy, invite codes, didi ki training, har somvaar review, KVK se baat, bug/fix, faisla (continue/stop). |
| SHG didi (संयोजक) | Camp, kisan joda, seller verify, madad se listing, orders/delivery, shikayat 48 ghante, mandi gaadi, commission; roz ka checklist. |
| KVK expert | Pilot se pehle 100 photos ka review (1-kvk-review); hafte 2 aur 4 mein AI ke jawab ka sample check. |
| Kisan | Photo jaanch, mausam/paani dekhna, 👍/👎, bechna; feedback form (hafte 2 aur 4). |

## Hafte 0 – taiyari (pilot se pehle)

- LAUNCH_CHECKLIST.md ke deploy steps; HTTPS link; `npm run seed` production mein **kabhi nahi**.
- KVK review pass (accuracy ≥ 70%, unclear refused 100%, banned dawai 0). Fail ho to pilot aage badhayein.
- Coordinator accounts; har SHG/gaanv ka invite code; flags: pilot features "सिर्फ़ पायलट".
- Didi training (3-coordinator manual, 2 ghante) + ek poora test order ₹1–10 + ek mandi gaadi test.
- Print: farmer guide (har kisan 1), poster (gaanv mein 2–3), consent form (har kisan), feedback form (×2), daily checklist (didi, 30 copy).

## Camp ka format (har gaanv, 2–3 ghante, 10–20 kisan)

| Samay | Kya |
|---|---|
| 15 min | Parichay: app kya karta hai (poster). Saaf batayein: AI galti kar sakta hai, dawai se pehle KVK; photo nahi rakhte. |
| 15 min | **Consent form** padh kar sunayein → hastakshar/angootha. Na kahe to bhi camp mein baith sakte hain. |
| 30 min | Har kisan ke phone par: link/QR → होम स्क्रीन पर जोड़ें → invite code se khaata → मेरा खेत (fasal, gaanv). 4–5 kisan par ek madadgaar. |
| 30 min | Khet ya gamle ke patte par **photo jaanch** khud karein; 🎤 "मौसम बताओ"; पानी की सलाह; 👍/👎. |
| 20 min | Bechne wale kisan: बेचें (photo + bolkar). Mandi gaadi ka intro. |

| | |
|---|---|
| 10 min | Didi ka number guide par likhein; sawaal; agle hafte ki tareekh. |

Saath le jaayein: 2 charged demo phone, power bank, mobile hotspot, printouts, pen, angoothe ki syaahi, attendance sheet.

**3 achhi baatein:**

**3 dikkatein (aur kiski zimmedari):**

**Agle hafte ke 3 kaam:**

**Koi safety baat?** (galat/khatarnaak dawai ki salaah, dhokha, data leak) ☐ Nahi ☐ Haan → turant "Stop" niyam dekhein.

## Continue / stop ka faisla

| Faisla | Kab |
|---|---|
| **Turant rokein** (kisi bhi din) | App ne banned/red-label dawai ya exact khatarnaak matra batayi aur kisan ne use ki; kisan ka data leak; paise ka dhokha jo app ke kaaran hua. → flag band karein (सुविधाएँ), sabko batayein, theek karke hi dobara. |
| **Badhayein (scale)** | Hafte 4 mein zyadatar metrics "Target" par, aur sab "Kam se kam" se upar; KVK sahmat. |

| | |
|---|---|
| **Sudhaar kar 4 hafte aur** | Metrics "Kam se kam" aur "Target" ke beech; ya ek hissa (jaise bazaar) kamzor → sirf us par kaam. |
| **Rokein aur sochein** | Sakriya kisan < 25% ya 👍 < 55% ya KVK sahi < 70%: kisan use nahi kar rahe ya jawab bharosemand nahi. |
